

Soft Attitude on Lawbreaking Hit By City Manager

A general tightening in the enforcement of city ordinances was forecast for the near future Thursday by H. L. (Herb) Derrick, Twin Falls city manager. "Complaints from residents on Addison avenue went about excessive noise and lack of police enforcement only emphasized a long-time problem," Derrick said. "The city commission and I are in agreement that the city police should begin giving less warnings and more citations." Derrick said the traffic problem on Addison avenue west is not much more acute than it is in other parts of Twin Falls. The stepped-up enforcement will apply all over the city.

"Perhaps," Derrick said, "for too long city residents have been allowed to get away with breaking ordinances, even though they may be minor."

He referred to constant parking on sidewalks and allowing dogs to run loose despite the dog leash law that provides that the animals must be confined.

"It seems that the people are getting a little lax and it is time that they be made aware that the ordinances will be enforced."

"However," Derrick stressed, "this does not mean that the police will become ticket-happy, see CITY LAWS, pg. 2 col. 1

Release of 2 Yanks Asked By Red Cross

WASHINGTON, Aug. 13 (AP)—The American Red Cross has asked the international committee to contact communist North Vietnam about the release of both a navy pilot captured after last week's air attack and a U.S. aid official kidnapped in South Vietnam.

Red Cross officials said yesterday the committee at Geneva had been requested to intercede for the release of Lt. Everett Alvarez, Jr., San Jose, Calif., captured after parachuting from a U.S. aircraft.

Alvarez' plane was downed by communist anti-aircraft fire during the air strike on the North Vietnamese coast in reply to a U.S. attack on the Gulf of Tonkin. The defense department said he was apparently captured after parachuting from his crippled plane.

Granger, an employee of the agency for international development, was kidnapped Saturday by Viet Cong guerrillas.

The international Red Cross has been asked to arrange for the release of only one North Vietnamese prisoner in recent years.

He is Arthur A. Kravine, a U.S. Marine sergeant, captured in the Gulf of Tonkin and released last year.

Smiley, who returned to his office after meeting with Goldwater and other Republican leaders in Maryland, Pa., said he felt prior to that statement that the Republican candidate might have had some trouble over his position regarding extremism.

"I feel that most of the problems have been eliminated by his disavowal of extremist organizations," Smiley told a news conference.

Asked if he was now fully in support of Goldwater, Smiley said he doubted he was "100 per cent in agreement with anyone, including my wife."

Germans Commemorate 3rd Anniversary of Berlin Wall

BERLIN, Aug. 13 (AP)—German commemorated the third anniversary of the Berlin wall today by laying wreaths at memorials dedicated to refugees while trying to pierce it.

West Berlin city officials called for an hour of silence as a gesture of protest against the communist barrier.

But their decision met considerable criticism and police went to bat to subdue any riots of the type which occurred in 1962.

Alliance in Training of Youth Asked

SUN VALLEY, Aug. 13 (AP)—An expert on manpower, automation and training called Thursday for an alliance of government, business and labor to prepare the nation's youth and adults for changing technology.

Walter Griffin, Seattle, field director for the U. S. office of manpower, automation and training, told Idaho educators that the need for increased technological training is a "critical" one.

"The survival of our free institutions may well depend upon the success of the American economy in responding to an age of change," he said.

"Success will require the enlightening partnership of free business, free labor and free government."

"Only through such an alliance will the promise of change be brought to serve the economic and social requirements of the American people."

Griffin was one of six key speakers at the opening session of an annual two-day conference of Idaho school trustees and administrators.

Others included President Eugene Chaffee of Boise Junior College, Executive Secretary Ed Crowley of the Idaho Education association; Herb Everett, director of radio and television at Idaho State University; Gordon Law, acting head of the communications department at the University of Idaho, and Idaho Falls School Supt. Robert Shreve.

Red China Has Military Maneuvers

TOKYO, Aug. 13 (AP)—Communist China announced today it is conducting "large-scale military maneuvers" in provinces along the North Viet Nam and Nationalist China.

Peking Radio, in a Japanese language broadcast monitored in Tokyo, left no doubt the exercises were aimed at the Gulf of Tonkin crisis and the U.S. air strike at North Viet Nam Aug. 5.

The broadcast noted that the announcement was being issued "immediately after the communist Chinese stood beside North Viet Nam in repelling an aggressor."

Olsen Yi's pledge was made in a letter sent to communist Vietnamese Foreign Minister Xuan Tuu and broadcast by Peking's New China news agency yesterday.

Peking Radio said "thousands of men in high spirits underwent such military drills as shooting, throwing grenades, handling of explosives and crossing rivers" in Kwangtung and Fukien provinces and Luchow peninsula.

A section of Kwangtung borders the northeastern corner of communist Viet Nam. Fukien province is directly opposite Formosa, and Luchow peninsula faces communist-held Hainan island.

TCM MISSILE LAUNCHED VANDENBERG AIR FORCE BASE, Calif., Aug. 13 (AP)—A Titan 2 intercontinental ballistic missile (ICBM) was launched successfully today from this coastal base in a mission designed to gain additional performance data on the weapons system.

HOLDING THEIR CLUBS in their hands, two Elizabeth, N. J., policemen push and pull a Negro youth as they try to move him from area of Wednesday night's rioting. Police had to fire shots in the air and use their clubs to break up crowd of 300 to 400 white and Negro youths looting bricks, bottles and gasoline bombs. Gas Bombs, Bricks Are Hurlled By N.J. Youths in Race Riots

ELIZABETH, N. J., Aug. 13 (AP)—Youths armed with gasoline bombs, bottles, rocks and bricks rioted in a multiracial neighborhood of Elizabeth and smashed car and store windows in a Negro district of Paterson last night and early today. Helmeted policemen with nightsticks restored order in both cities early today. It was the second night in a row in which violence broke out in the two northern New Jersey cities about 20 miles apart.

Elizabeth police tore into a crowd of young Negroes shortly before 2 a.m., subduing some of the youths with sticks, firing into the air, and making arrests. The brief battle followed bombarding of at least three police cars with bottles, near misses on several motorcycle police, a stinging gas bomb that lit up an intersection and the explosion of a firecracker.

Elizabeth hospitals reported treating eight persons for minor injuries. About a half-dozen Negroes and whites were injured in Paterson, but none was hospitalized.

Sixteen adults and two juveniles, mostly Negroes were arrested as disorderly persons in Elizabeth.

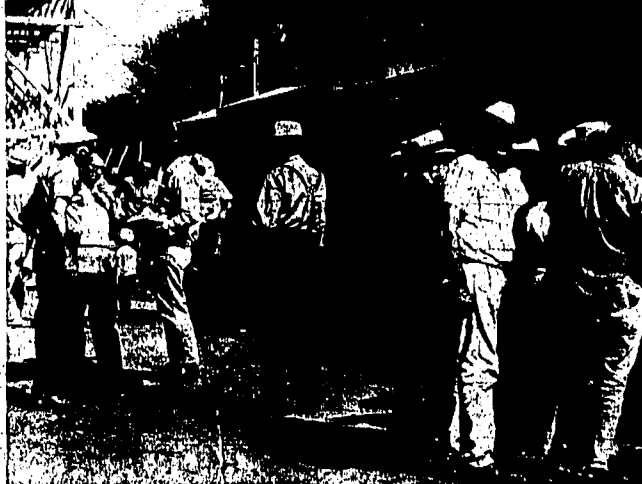

Twenty-three Negroes, including six juveniles, were arrested in Paterson. One woman, arrested as she allegedly prepared to throw a garbage can through a window, was charged with inciting a riot.

Paterson Police Chief John O'Brien estimated that between 200 and 300 store windows were broken in the fourth ward. A flaming gasoline bomb struck a bus, but caused little damage.

Two newspapermen—photographer Mike Finkelstein and reporter Mike Pearl of the New York Journal-American—received cuts and lacerations when a brick flew through their car window. See GAS BOMBS, pg. 2, Col. 7

Dr. Herbert D. Adams, surgeon in chief of New England Baptist hospital, said the youngest brother of the late President John F. Kennedy is making "excellent progress, a really remarkable recovery."

The doctor said, however, that Kennedy will have to spend six months in the stretch-like frame in which he is immobilized. He has been in an orthopedic bed ever since the accident.

Aide Says Johnson Did Not Authorize Nuclear Weapons

WASHINGTON, Aug. 13 (AP)—White House press secretary George Reedy said today President Johnson has not authorized use of nuclear weapons in Viet Nam. Reedy said this in reply to a barrage of questions resulting from remarks of Republican presidential nominee Barry Goldwater Wednesday that Johnson's orders to the Seventh Fleet to retaliate against attacking North Vietnamese PT boats could be interpreted to mean the commander-in-chief had authorized use of nuclear arms.

Mrs. Seaver Dies As Result of Crash

Mrs. Joseph H. Seaver, sr., 88, resident of Twin Falls for the past 58 years, died Thursday morning in Magic Valley Memorial hospital of complications from a two-car accident in which she was involved on July 27. She received a fractured left arm and a fractured knee in the accident at the intersection of state highways 93 and 70, three-fourths of a mile north of Perrine memorial bridge. She was a passenger in a 1950 Ford driven by her son, William H. Seaver, 61, 220 Ninth avenue north.

Officers said Seaver was driving north on highway 93 and made a left turn into the path of a pickup truck owned by Richard Christensen, 20, 410 Fifth avenue east.

Seaver and Christensen were treated at the hospital and released.

Immediately after the accident Seaver was cited for failure to yield the right of way. Further disposition will be up to the investigating officer, State Patrolman James Gorko, according to the Idaho state police.

The 23rd traffic death in Magic Valley occurred Aug. 13 as result of an accident July 27 in Twin Falls county.

Government casualty figures listed 38 persons injured, missing and more than 22,000 homeless, most of them the victims of yesterday's landslides north of Seoul in the Jongsong and Paju areas.

The U. S. first cavalry division along the western section of the demilitarized zone dividing North and South Korea had knocked out power lines, washed out roads and flooded buildings, the eighth army said.

Records were being kept that the body of an American soldier had been recovered today from a flood-swollen stream near the zone.

His name was being withheld pending notification of kin.

Gerke was out of the Twin Falls area Thursday and was not available to comment.

Priestess Tells Her Followers to Lay Down Spears

LUSAKA, Northern Rhodesia, Aug. 13 (AP)—Alice Lenshina, a 40-year-old African religious sect, broadcast an appeal to her followers last night to lay down their spears.

She said the government has guaranteed her safety.

During the last several weeks, her faithful followers have been charging government troops. Nearly 500 lives were lost in the battles and the government ordered her brought in dead or alive. Two days ago she surrendered.

In her broadcast, she told her followers to announce their surrender by putting large white cloths outside their villages.

"The government and I," she said, "want to settle our troubles peacefully."

U.S. Refueling Plane Crashes

TOKYO, Aug. 13 (AP)—A U.S. air force air-to-air refueling plane crashed in a mountainous region of northeastern Japan today.

First reports said its 11-man crew parachuted to safety.

"As far as we can tell, everyone aboard is okay," an air force spokesman said, adding rescuers had established contact with at least part of the crew.

Historical Unit Sponsoring Tour to Steam Threshing

Members of the Twin Falls County Historical society will leave Twin Falls city park at 1 p.m. Saturday for a trip to the Vogel ranch, northeast of Buhl.

Each year Vogel uses an old fashioned threshing machine to thresh his wheat. He says he likes the old method with steam engines and stationary grain separators, and often uses mules and horses to haul the bundles. He plans to start threshing at 8 a.m. Saturday and continue through Sunday morning.

Districting 'Rider' Asked For Aid Bill

WASHINGTON, Aug. 13 (AP)—Senate leaders and the justice department agreed yesterday to the controversial issue of legislative reapportionment to President Johnson's "must" foreign aid bill.

The move was expected to touch off a major battle in the house where some congressmen were ready to kill the aid program rather than accept the Republican "rider" on appropriation.

The rider, sponsored by Sen. Everett Dirksen, R., Ill., would stall the U.S. supreme court ruling which orders the legislative reapportionment of both houses strictly on a population basis.

Under the Dirksen plan, the states would be given a reasonable opportunity to act.

The rider would prevent any interference in the state elections of representatives before Jan. 1, 1968.

The Senate laid aside debate on foreign aid yesterday while considering the aid bill.

Field, Moore and justice department attorneys met with Dirksen to work out a compromise.

Under the terms of the proposed compromise, the courts would be directed to grant a stay of an appropriation order if requested, "for such a period as will be in the public interest."

The conditions set down in the amendment would not be in the state's "highly unusual circumstances."

A request for a stay could be made at any time before or after the final judgment by any party or intervenor in the case, by the state, the governor, the state attorney general, or any member of the legislature.

First Signs of Rebel Collapse in Congo Reported

ELISABETHVILLE, The Congo, Aug. 13 (AP)—The first signs of a possible rebel collapse in Katanga province were reported today by reports that the rebel forces have abandoned Kabalo and may leave Albertville.

Other reports told of mistreatment of Roman Catholic missionaries and other whites, and of fears for a group of Norwegian missionaries in northwestern Orientale province.

A river captain's radio message said Kabalo, 250 miles west of Albertville, had been abandoned by the insurgents.

Alexis Kibumba, Katanga's minister of the interior, said army and police forces had been ordered to advance on Kabalo and were 40 miles south of the town. The rebels were said to be fleeing.

Korea Has Floods and Landslides

SEOUL, South Korea, Aug. 13 (AP)—Heavy rains, landslides and floods in central Korea this week left at least 43 persons dead, including a U. S. soldier. Military authorities also reported extensive damage to army installations used in guarding the North Korean border.

Astronauts Camp Out in Hot Desert

RENO, Aug. 13 (U)—Fourteen U.S. astronauts were camped on the Nevada desert today for practical application of their desert survival training.

The specimens — who looked more like Arabs than astronauts — practiced desert existence by living in case their Gemini or Apollo spacecraft lands in a desert region.

The astronauts camped 30 miles from the nearest civilization. They fashioned tents, loose fitting garments and burpees and practiced signaling and navigation.

They will be required to live off the land until they return to civilization Friday morning.

Nevada's desert temperatures in a cloudless 90 degrees yesterday, but sand at the surface read 145 degrees.

Copper Firm, Union Settle On Contract

SALT LAKE CITY, Aug. 13 (U)—One of the world's largest copper firms, shut down by the longest strike in the past five years, prepared today to resume operations following settlement with the industry's largest union.

Kennecott Copper corporation and the International Union of Mine, Mill and Smelter Workers announced agreement last night on a three-year contract. The announcement came on the 42nd day of a strike against the firm in four states.

The action, announced in a press conference following intensive negotiating sessions with federal mediators for several days, was expected to lead to settlements with other unions involved in the giant firm's western operations.

An estimated 10,500 workers in Nevada, New Mexico, Utah and Arizona were affected by the strike which was started July 1 by the United Steelworkers. Mine-Mill joined in the strike eight days later.

The agreement is subject to ratification by union members in the four states. An estimated 2,500 workers are expected to return to their jobs in Nevada and New Mexico shortly because Mine-Mill was the only union to go on strike there.

Meantime, negotiations were to resume here today with the steelworkers and other unions for resumption of Utah and Arizona operations. Overall, the firm has been negotiating with 19 unions.

Survey for Water Plan Is Submitted

HATFIELD, Aug. 13—A survey for a long range program in improving the city waterworks was submitted by Raymond Briggs of Briggs Consulting Engineers, Boise, to members of the city council Monday evening.

Mayor George Allen said the first phase of the project will be the drilling of a well in the southeast part of the city limits, which will be done this fall.

Water from this well will supplement the present supply from the creek and the well in the northwest part of the city, making an adequate amount always available.

Relaying wooden pipe from the Indian creek supply, which runs some three miles to reach the northern city limits of the town and placing larger pipes in some sections of the city will be a project to extend over possibly three years.

Ira Hoffman, president of the Hatfield Chamber of Commerce, asked for assistance in improving the city camping and trailer grounds in the Croy addition.

City members encouraged the chamber to go ahead with the project and submit their plans at a later meeting, stating they would lease the park grounds to them.

The matter of class A school district No. 1 obtaining the Wertheimer park grounds, which is presently being used in part as a sports field for the school, was discussed and tabled until more data can be obtained.

Hailey Chamber Officers Listed

HATFIELD, Aug. 13 — Ira Hoffman will serve as president of the Hatfield Chamber of Commerce for the coming year. Rex L. Brathwaite will be vice president and Eugene Killebrew will serve another term as secretary-treasurer.

Other members of the board of directors are John Combs, R. C. Stephens, Norman Warren, O. Adams and Homer D. Williams.

The matter of improving the city park is a future project for the chamber.

Local Businessman Invited To White House Conference

H. Warren Barry, 327 Alturas drive north, president and manager of Volco Builders Supply, Inc., 1390 Highland avenue, has received a telegram from President Johnson asking him to attend a conference at the White House.

Barry said Wednesday evening he can only assume the reasons why President Johnson has asked him.

"I assume it's because of our association with the Small Business association," he said. The Twin Falls community, particularly Twin Falls Industrial Development corporation and the Chamber of Commerce, have not outstanding examples in applying initial purpose of the Small Business association, and this may have had a lot to do with it.

"I assume this conference is to determine how our business programs can be used to serve the needs of small business and to create new jobs and employment opportunities for our people in this area," he added.

Barry has lived in the Twin Falls and Buhl area all of his life and has worked with the Industrial Development corporation, serving as its president. He has been chairman of the airport committee and Twin Falls airport commission.

He has his own airplane and uses it for his business. He has won several awards for flying.

He has been chairman of the Twin Falls fair and rodeo board, past president of the Twin Falls Rotary club and is on the board of trustees at the College of Idaho, Caldwell.

Builders Supply, Inc., received inviting him to attend a conference at the White House.

Satellite May Be Used to Transmit Olympic Games

CAPE KENNEDY, Fla., Aug. 13 (U)—Plans have been made to use the Syncom 3 communications satellite for transmission of Olympic television pictures from Japan to the United States.

The national aeronautics and space administration plans to launch the complex satellite at 6:45 a.m. next Tuesday.

Syncom 3 is to execute maneuvers requiring about 12 days to settle into a stationary orbit 22,300 miles above the Pacific ocean intersection of the equator and the international date line.

U.S. and Japanese interests plan to spend about \$800,000 to televise the Oct. 10-24 Olympic games in Tokyo to the United States, if Syncom 3 is successful.

Shoshone Cleric Teaches in Camp

BIOSHOP, Aug. 13 — The Rev. John Shaw is acting as a teacher for the Assembly of God South Idaho camp being held at their camp near Bellevue.

The ten camp for youth ages 12-15, was held last week and the youth camp, for those over 16, is being held this week. The Rev. Dennis Davis, Monterey, Calif., is the special speaker and the Rev. James Davis, Clonding, is general director for the camp. There were 111 teenagers at the camp last week.

Man Appointed

RICHHFIELD, Aug. 13 — Ted Johnson, former Richfield resident, has received a one-year appointment by the navy to serve in Guantanamo, Cuba. His work will be planning, estimating and inspecting all types of construction at the base on the southern coast of Cuba.

Johnson, a graduate of Richfield high school, and high school of Oscar Johnson, Richfield, served in the air force. He was employed in this type of work at the navy base near Fallon, Nev., for several years. His wife and family will make their home in Jerome while he is in Cuba. She is the former Cheryl Anderson, daughter of Mr. and Mrs. Frank Anderson, Jerome.

Attack Takes J. A. Dickard In Twin Falls

Jesse A. Dickard, 71, 321 Seventh avenue north, died unexpectedly Thursday morning of a heart attack. He collapsed at the Military agency here where he worked and was pronounced dead on arrival at Magic Valley Memorial hospital.

He was born Sept. 11, 1893, at Orange, Ark., and married Elvora Shipman Feb. 14, 1915, at Green Forest, Ark. They came to Twin Falls in 1922 and farmed southwest of town until 1931. Then they moved to Buhl where Mr. Dickard worked for the state highway department.

The couple returned to Twin Falls in 1938. For the past several years Mr. Dickard had worked for the Military agency. They own an apartment house at 321 Seventh avenue north.

Survivors include his widow, one son, Robert F. Dickard, Buhl; one brother, W. D. Dickard, Eden; two grandchildren and two great-grandchildren.

Funeral services will be announced by the Albertson-Dickard funeral home.

Ages of Strife

For a small land—less than half the size of New Jersey and with a population about that of San Antonio, Tex.—the island of Cyprus casts a large shadow over current events.

This is nothing new. The history of Cyprus is the history of the whole ancient world, and much of modern history has focused on this crossroads of the Mediterranean.

Beginning at least as far back as 4000 B.C., Cyprus has seen successive waves of settlers and conquerors, both because of its strategic position, 46 miles off the coast of Turkey, and because of its rich copper and iron deposits.

A roll call of the conquerors includes Thothmes III of Egypt, Sargon II of Assyria, Darius and Xerxes of Persia, Alexander the Great, Caesar Augustus, Mu'awiyah of Syria, Richard the Lion Heart, the Byzantine, Venetian and Ottoman Empires and finally the British Empire.

Years of peace for Cyprus, with or without independence, have been few over this vast stretch of centuries.

Turkish conquest of Cyprus and settlement of Turks among the predominately Greek population took place in the 16th century. After 400 years, the two groups remain separate—linguistically, religiously and culturally.

Greek Cypriot agitation for "Enosis," or reunion with Greece, bitterly opposed by the Turkish minority, began in the 1930s and accelerated after World War II.

The blood of a hundred generations that has stained the soil of Cyprus continues to flow, despite the presence for the first time of an internationally constituted peace-keeping force.

Cyprus, bearing the weight of centuries, will not know peace quickly or easily.

END MEETINGS

At long last, a businessman has had the courage to speak out against that great and sacred American custom, the Constant and Continuing Conference and the Marathon Meeting.

The name of this hero was not revealed in the news story which told of his valor. He was identified only as an official of the Minnesota Mining and Manufacturing company.

Whoever he is, many a weary meeting-attender will salute him.

More and more, the average businessman tries to do his job these days in frantic spurts between and around conferences and meetings. These endless powwows not only are hard on those who have to attend but also are murder for those who try to reach the people who are always meeting.

It wouldn't be so bad, perhaps, if the conferees could meet, do what they have met to do, and go back to work.

But this is practically impossible for the simple reason that at every meeting there is at least one character who obviously hates to return to his desk.

So he takes a molehill and expertly develops it into a mountain. He asks questions, raises points, requests additional data, demurs and delays.

So far, no better way has been devised to knock a day's work into smithereens for a group of people who just must have something better to do.

Now that a voice has been found to lead us, maybe we can do something to discourage such nonsense.

How shall we start? Let's call a meeting!

SMALL RAY OF HOPE

Optimism about Red China is so rare that it deserves notice and comment.

Speaking at Harvard University recently, Robert W. Barnett, deputy assistant secretary of state, predicted that "the pragmatic Chinese people will ultimately reject or curb ambitions of men who speak and act with too little regard for responsibility to the people."

Barnett, in charge of Far East economic affairs in the state department, noted that the Chinese on the mainland once thought differently of the United States "and can come to think differently again."

What the United States must do, he said, is make it plain to the Chinese that we are not against them, that we pursue our policies toward Peking patiently, "more in sorrow than in anger."

Well enough. The only question is, how do you convey this information to the Chinese people?

NATIONAL WHIRLIGIG

WASHINGTON, Aug. 12.—Grudgingly, I have decided to feel good about figures showing that the American economy continues to boom while that of the Soviet Union is declining. Those figures claim that the U.S. gross national product rose by nearly 10 billion dollars to an annual rate of \$185 billion dollars in the March-June quarter. At the same time, a report published by the Soviet newspaper Izvestia reveals that Russian industrial production rose only 7.5 per cent in the first half of 1964, compared with the 8.5 to 10 per cent increases announced in recent years.

ALL BUT JOBS—Also cheering is the fact that the U.S. economy continues to set records. Total income received by individuals increased in the March-June period by 11.4 billion dollars to a total of \$91.3 billion dollars. Both the gain for the quarter and the rise of 32.3 billion dollars over the second quarter of 1963 were the highest in history.

President Johnson always speaks softly, as though afraid somebody might hear him, when he mentions unemployment, but it remains serious. His own figures show the unemployment rate rose from 5.1 per cent in May to 5.3 per cent in June. July's figure dropped to 4.9, but the pattern continues erratic; the fact is that the administration has not yet made any real gains in solving the problem.

THE RED FLAG—Nevertheless, we continue to live high on the production hog compared to Mr. Khrushchev's private empire. Izvestia featured the increases during the January-June period, but it neglected to note that production was 10 per cent below the goal set in the special two-year economic plan announced last December.

For example, Soviet experts here note that the Kremlin is having its troubles trying to get its big chemical production program going. With a goal for 1964 of 25,000,000 tons of fertilizer, the first half figure of 11.6 million tons is hardly encouraging. Russia's industrial losses. There was also a decline in the production of processed food as a result of last year's poor harvest. This included an 18 per cent drop in meat slaughter.

CAN'T SATISFY CONSUMER—One item of particular significance to the U.S. citizen is that of wheat. The Kremlin averted a serious food shortage. Although food production dropped, Izvestia claimed that the volume of sales to consumers had increased "as additional resources were invested in trade." This is communist jargon for saying the Russians were able to buy bread made with U.S. wheat.

All of this adds up to the fact that the Soviet Union is still unable to satisfy the consumer at the same time it continues to produce the hardware of war. Izvestia admitted the warehouses were filled with shoddy shoes and garments. It is saying that the people won't buy them. The situation is the biggest single argument for disarmament in the Soviet Union.

Views of Others

SEVERAL COMMUNISMS
It was George F. Kennan who first outlined, in 1947, what until very recent years was the "most single American policy toward the 'Communist world'—that of containment. In those days there was reason for considering that a monolithic communist world existed. Stalin dictated to that world.

Danger still exists. But Kennan now points out in a new book, "On Denial With the Communist World," that the world is not the same as it once was. Its place has been taken by many communisms.

The Soviet Union under Khrushchev, for one reason or another, emphasizes butler over guns. It still has the guns—and huge nuclear power—but it recognizes that major war is not the path to world conquest, but to world destruction. Danger from that quarter has at least lessened.

There exist Stalinist type communisms—most notably in China. There are Stalinist advocates in many of the poorer nations where construction is believed that the people will be able to deal with revolution and terror. But eastern Europe, once envisioned as the base for Soviet machinations, seems to be breaking into nationalisms. The communist world is no longer a single bloc.

Differences in the communist "world," Kennan points out, are now as great as in the rest of the world. It is to our interest, he says, to deal with each segment as it is and not as part of a monolithic bloc.

Kennan's argument is not new. It merely adds another powerful voice to advocacy of more flexibility in our approach to the communist nations. Secretary of State Dean Rusk said in February that communist nations in eastern Europe are asserting their own policies and are not too large to ignore. Important but lightly populated areas of their states. When this attitude prevails, it harms the total state rather than to help it.

Because of areas that have grown rapidly in population recently, there are legislative districts in Minnesota where the ratio of voters to representatives is too large for the number of senators and representatives they have. This always is going to be the case during periods of rapidly shifting population.

The problem here is that Minnesota still is an agricultural state and the large areas which are more important to the state's economy than their shortage of population might indicate. This is where any Minnesota of sound judgment will recognize that care must be taken to protect the general interest of the state are protected.

If we are to have a legislature which enacts laws only for the benefit of thickly populated districts, all of us are going to be losers. This is a fact that must be kept in mind when we talk about reapportionment.—Mankato (Minn.) Free Press.

REFLECTOR PLATES ENDORSED

Reflecting auto license plates are now listed by the State, 16 other states and the District of Columbia.

"They would be adopted by all states if expert military and civilian traffic safety men had their way."

The endorsement of luminous plates comes from the Midwest Military-Civilian Traffic Safety Conference in Chicago.

The conference, attended by about 300 persons, heard reports that reflectorized plates have been found to be more effective at night with dark or disabled cars. They were also found with preventing some head-on and rear-end collisions.—St. Louis Falls (S.D.) Argus-Leader.

Interpreting the News

BY LYLE WILSON
United Press International
Events have been interpreted in the light of the presidential campaign just as Wendell L. Wilkie was mousetrapped in 1940 when he came roaring out of his corner shouting "I've never met the champ."

The events that compelled Goldwater to retreat some of his campaign strategy took place in Southeast Asia's Gulf of Tonkin. The U.S. Navy's North Viet Nam PT boat attack on U.S. destroyers almost automatically restored the bipartisan front on Southeast Asia policy. Barring Sen. Wayne Morse, D-Ore., a predictable maverick, all party spokesmen have endorsed President Johnson's hard-pressed reaction to the North Viet Nam aggression.

Goldwater and his running mate, Rep. William L. Miller of New York, both applauded Johnson's firm action although Goldwater later suggested that the red attacks may have been invited by weakness in U.S. policy toward Southeast Asia.

Miller cautioned questioners to remember that if Southeast Asia is not now presidential campaign issue, it may become an issue again before the election. Whether such an issue would be worth anything to the GOP would depend wholly on public opinion. It is reasonable to believe now that the public overwhelmingly approves of Johnson's firm stance.

It was Wilkie's unfortunate lot in 1940 to be booked to make his speech accepting the Republican presidential nomination shortly after Franklin D. Roosevelt had abandoned whatever may have been left by then of American neutrality to land 40 over-age destroyers to the British navy. In return, FDR got

long term or unlimited naval base leases on various British islands. The British had been desperate for destroyers to protect their Atlantic convoys.

Popular opinion in the United States supported FDR's destroyer deal and Wilkie had to endorse it in his acceptance speech after losing the election. Wilkie wound up as the traveling representative of the Roosevelt administration in foreign parts.

Having joined hands with FDR on the naval base-destroyer deal, Wendell Wilkie never was quite able to make a real fist and to begin slugging. His campaign was loud but ineffective. FDR was more amused than alarmed by Wilkie's efforts.

What all of this seems to add up to is that the Gulf of Tonkin crisis must be marked down, politically, as a plus for Johnson and as a minus for Goldwater. This need not imply that Johnson was influenced by political considerations, although under heavy campaign pressure to get tough. He had not much choice when the hostile PT boats began to harass U.S. destroyers.

Neither did Goldwater have any choice. He had to endorse Johnson's firm policy or repudiate his own get-tough ideas on dealing with the communists wherever they may be encountered.

But Goldwater's endorsement of a major Johnson policy cannot fail to arouse suspicion of presidential campaign somewhat out of balance. It is up to Goldwater and Miller, respectful men, to restore that balance and the best way to do that would be to come up with an issue on which the Johnson administration can be attacked without the pulling of any punches.

For quick and effective results, it should be an emotional issue, one calculated to arouse passion and partisanship. The obvious issue in the civil rights situation. But that is no issue of any account to the Republicans unless Johnson makes some big mistakes in the civil rights field.

The Doctor Says

BY WAYNE G. BRANDSTADT, M.D.
People who are deaf die of hearing loss. Nevertheless, hearing loss is the greatest single impairment in this country. It affects an estimated 17 million persons.

As there are different types of deafness, there are different causes. Fortunately such infectious diseases as mumps, measles, rubella, and influenza which used to cause a great deal of deafness are being prevented or quickly brought under control with antibiotics.

Otosclerosis is often the cause of deafness in older people. This is a bony replacement of the cartilage joint, connecting the tiny bones of the middle ear. Other causes of deafness include congenital defects, ear injuries, and exposure to excessive noise, either sudden or extending over several years in a noisy working environment.

The tragedy of deafness is that the victim feels that he is watching the world rather than taking an active part in it. He is unable to understand the conversation of his friends, because he misses the point of jokes and because he soon grows tired of asking people to repeat

what they said he tends to withdraw into a shell. When he does try to converse he speaks either too low to be heard or he shouts without realizing that he is shouting. Because his friends cannot make him understand, they all too frequently give up trying. This causes the victim to become resentful and to withdraw further from social contacts.

If otosclerosis is the cause, the victim can usually hear you better over the telephone than when you are in the same room because the receiver gives him bone conduction of the sound waves rather than air conduction.

MARQUIS CHILDS WRITES ON WASHINGTON

BY MARQUIS CHILDS
WASHINGTON, Aug. 13.—With the Goldwater strategists preparing a detailed personal attack on President Johnson as the centerpiece of their campaign, a considerable number of people who almost no one talks about publicly cannot be ignored. That is the paradox of the President in the midst of a bitterly fought election campaign.

There is a man who is a U.S. senator, who has been no vice president since Nov. 22. Next in line for the office until a new president and vice president are inaugurated in January is the speaker of the house, John McCormack, who will be 78 years old in December.

The members of the President's commission on the assassination of John F. Kennedy are just now giving serious concern to this question. A chapter in the report will deal with the security of the president and the importance of editing the public on the need for measures to try to reduce risks.

No one can compel the president to accept security measures such as an armored car and restraint on his movements. President Johnson has been especially resentful of the hedge that the secret service tries to throw around him. But all presidents have to some degree or another fought the idea that they must be protected from would-be assassins.

Members of the commission have brought to bear to persuade a president that he must accept protection of a broader nature not only for his good but for the nation. Allen Dulles, former head of the CIA and a member of the commission, suggested this in a recent interview.

The commission report also will deal with the atmosphere of hate in Dallas at the time of Kennedy's assassination. A study of presidential assassinations shows that weak, sick minds are inspired to desperate measures at the time the national climate is inflamed by violent controversy.

Members of the commission are reading John F. Kennedy's fascinating "The Assassins." Four presidents—Lincoln, Garfield, McKinley and Kennedy—have been murdered. Theodore Roosevelt was shot and wounded in the campaign of 1912. Between

his election and his inauguration, Franklin D. Roosevelt was fired on by an assassin in Miami who killed Chicago's Mayor Anton Cermak.

The personal attack which the Goldwater camp intends to aim at every fear of Johnson's health—his political life, his health, even his war record—that the atmosphere in October will indeed be inflamed. The effort, of course, is to try to force a sensitive president to reply in kind—to throw him off balance.

Johnson has said he will not indulge in name-calling and he has cautioned the members of his cabinet against personal attacks on the Republican candidate, Barry Goldwater. Nevertheless, such attacks will come from the sources. Fear and suspicion of Goldwater are evident as the word fascism is bandied about. He will not be immune from threats of violence.

One problem, which the President's commission may or may not deal with in its report, is the increasing and unrelenting discrimination on firearms throughout the country. The minutemen and similar organizations are openly arming themselves in readiness to repulse a communist takeover. Evidence shows that many members are fanatical rightists.

They have had in the past some intellectual rationalization for their actions. Karl Lueger, who wrote Goldwater's acceptance speech with its defense of a "strong man," is a contributor to the American Review when it was published. Russell Maguire, wrote the following in America: "It would not be America truly if it did not produce men who suddenly tire of palaver and reach for the rifle on the wall. The men themselves or to hand to the underdog in length, what the report of the President's commission, to be released Sept. 14 through the White House, will be a monumental work. It will be at least 15 volumes of appendices and footnotes. For the bipartisan commission, headed by Chief Justice Earl Warren, it had been a difficult and arduous task.

On the eve of what many have predicted will be the most acrimonious campaign in our political history, the report should be a warning to the people that the danger of violence is not a distant threat. It is a real and present danger. It is a danger that has been predicted for years. It is a danger that has been predicted for years. It is a danger that has been predicted for years.

NEW YORK, Aug. 13 (AP)—Things a columnist might never know if he didn't open his mail: If cost \$7,000 to discover money, the big question now is: Was it worth it?

A century ago anybody over 60 years old got the name "old." But most of today's oldsters don't feel old. A Harvard study of 200 people over 60 years old found that only 21 per cent of the men and 20 per cent of the women thought of themselves as elderly.

It has been estimated that 44 per cent of the world's great achievements were accomplished by people over 50 years of age.

Police Seek Train Robber In England

LONDON, Aug. 13 (AP)—Scottish Yard police raided hotels and homes today in a futile search for one of Britain's "great train robbers" who made good on his boast to escape from jail.

Charles Wilson, a 32-year-old, tough-looking bookmaker who was sentenced to 30 years in prison for his part in last year's 7.5 million dollar train robbery, made a sensational escape from Birmingham early yesterday morning.

The jail break was one of the most daring in British prison history.

Three men got into the jail by using a ladder stolen from a construction yard next door. They blacked out Warden William Nicholson, 50, and slipped into the cell block with copies of the prison's master key.

Next the gang unlocked Wilson's cell and walked while the warden changed out of his prison clothes.

Then all four men climbed out of the jail on a rope ladder and made their getaway in a waiting car. Nicholson said the whole escape took only 10 minutes.

Military Pay Raise Bill Is Signed

WASHINGTON, Aug. 13 (AP)—President Johnson signed into law yesterday a 207 million dollar pay raise for servicemen. He said it gives America's "uniformed citizens a fuller measure of the respect they have earned."

Johnson said the pay bill, which will go into effect Sept. 1 and which follows by less than a year another pay increase of more than 14 per cent, reflects "our historic trust of our professional military men."

The President is expected to follow up today's action later in the week by signing a civilian pay bill. This one, carrying a \$58 million dollar annual price tag, will raise the pay of every civilian on the federal payroll except the President himself.

In a ceremony at the White House to adjoint the military pay bill, the President said:

"For 188 years, the American in uniform has been bent upon peace and the preservation of democracy. The world respects him as a fighting man. The low countryman respects him as a thinking man."

"This bill, Johnson said, is an answer to anyone who would 'belittle the loyalty and devotion of our civilian servants'—to our civilian society—or to anyone who would 'blame the military for the responsibility for the trust he bears to all mankind.'"

"The measure affects all officers and enlisted men, as well as all men who have served in the service. There was some grumbling in congress about this action, as well as at the amount of the hike. Some congressmen said it was not enough."

Stock Shares Turned Over To College

ROCHESTER, N. Y., Aug. 13 (AP)—Williams College of Williamstown, Mass., is more than one million dollars richer today because a divorced woman remarried.

The woman, former wife of Alfred R. Clark, an alumnus of Williams, received 8,000 shares of Western-Kodak stock in the 1957 divorce settlement.

Clark, son of a former director of the camera company, stipulated in the settlement that if she remarried, the value of the stock be turned over to Williams.

Clark died in 1950. His former wife remarried last year.

The value of the stock as of the day she remarried—\$1,044,175—was awarded the college yesterday by a state supreme court justice here.

Boise Range Fire Is Under Control

BOISE, Aug. 13 (AP)—A range fire north of Boise was brought under control by state foresters and rangers last night after burning out of control since early afternoon.

State Forest Warden Dan O'Daniels said two pumps, three bulldozers and 20 men battled the fire which burned 1,500 acres of rangeland and scruboak. A fire crew remained at the scene through the night.

The fire burned on a two-mile front off highway 15 about halfway between Boise and Horseshoe Bend in the Spring valley area.

News Around Idaho

POCATELLO, Aug. 13 (AP)—A discussion of the impact of Idaho state tax law on the business world will highlight the 1964 Idaho state tax institute Oct. 3 and 4. The institute is sponsored by Idaho State University, Idaho Bar Association, Idaho Society of Certified Public Accountants for attorneys, accountants and others.

POCATELLO, Aug. 13 (AP)—Telegrams calling for an "unequivocal and positive" stand against Turkish attacks on Cyprus have been sent to President Johnson and other national officials. They were prepared by Pocatello chapters of Greek-American societies, and asked for an "unequivocal and positive stand by the U. S. government against irresponsible and unprovoked attacks by the Turks on the Cyprus people."

ARCO, Aug. 13 (AP)—Intense investigation into the death of 17-year-old Forrest Kent Reed, whose body was found near Howe last Friday, continued today bolstered by a detective from the Idaho Falls police department. Ben Johnson, sheriff of Butte county, said investigation into the apparent violent killing of the youth has not turned up any definite clues or suspects, but he said with aid from the Idaho Falls police department plus help expected from the Idaho state police, developments should be forthcoming in the case. An autopsy showed the youth's body was badly broken up and death was attributed to asphyxia as the result of external pressure on the chest or neck.

POCATELLO, Aug. 13 (AP)—The southern Idaho village of Chubbuck which adjoins Pocatello, has outlawed the sale of beer on Sundays. The law passed by the village board conforms with one already in effect in Pocatello. But it won't go into effect until it can be published and Mrs. James Valenty, the village clerk, said that probably will be next week. "So this Sunday probably will be the last one for legal beer sales in Chubbuck. Another new ordinance prohibits obscene conduct, which it defines as appearing in a state of nudity or in any indecent or lewd dress condition in any public place." This was taken to mean strip-tease shows were prohibited.

POCATELLO, Aug. 13 (AP)—Republican congressional candidate George Hansen says he expects to begin his campaign against Rep. Ralph H. Harding, D. Id., next week. Hansen made the comment in a letter to a Pocatello two-week vacation in the Yelton. He defeated two opponents in last week's Idaho primary for the right to oppose Harding in November.

BOISE, Aug. 13 (AP)—Buffocation was blamed today for the death of the two-month-old son of John and Mrs. Monte Wisdom, Boise. Authorities told them he found the child tangled in blankets in his crib and was unable to revive the infant, using mouth-to-mouth resuscitation.

POCATELLO, Aug. 13 (AP)—John Francis Hooper, 44-year-old Lava Hot Springs barber, will appear Monday in 1st district court on a charge of assault with a deadly weapon. He was arrested Tuesday after he sprayed at least five pistol shots through the streets of Lava Hot Springs. Hooper will be arraigned before Judge Arthur P. Oliver. In justice court Tuesday, he waived his right to an attorney and a preliminary hearing. Hooper was arrested without resistance after he allegedly shot a woman in the back of the head while she was shopping in the village Marshall. And Hooper was narrowly missed by one bullet.

CALDWELL, Aug. 13 (AP)—About 100 businessmen and civic leaders in southwestern Idaho's Canyon county will make a goodwill flight to Salt Lake City, Aug. 22. They will meet with industrial leaders of Utah, explaining to them the facilities available in Canyon county. The trip is sponsored jointly by the aviation committees of Chambers of Commerce in Caldwell and Nampa.

BOISE, Aug. 13 (AP)—The Idaho veterans affairs commission announced today revised plans for a new veterans home aimed at meeting the needs of the state's first two counties. The 1963 legislature provided \$400,000 for the home, to be built on a new site adjacent to the veterans administration hospital in Boise. The present home is on busy State street in the western outskirts of Boise.

Giant Redwood Appears to Have Won Its Battle for Life

PORTERVILLE, Calif., Aug. 13 (AP)—A redwood tree called Moses, one of the oldest and largest living things on earth, appeared today to have won its battle for life.

The technology and determination of man finally overcame a smoldering fire that had burned high in the ancient tree since it was struck by lightning last week.

It looks like we may have been successful," state Ranger Albert H. Hays said yesterday, labeling the operation a very tentative success.

However, the California division of forestry left two men on the scene to watch the tree constantly over the next 36 hours and helicopter crews will be carried out daily for the next two weeks.

Old Moses, given its name by local loggers, is a Sequoia Gigantea, 18 feet in diameter at the base and towering 40 feet into the air. Its age is somewhere between 2,000 and 3,000 years.

Had they been unable to put out the fire, foresters would have had to destroy Moses—blasting it down with dynamite to protect other trees in Sequoia national park.

As it was, sparks from Moses started scores of small fires in the area. All were quickly controlled.

Redwoods ordinarily are resistant to fire. But Moses has punky dry rot in its center and the fire fed on this.

Foresters found that the fire was too high to be fought from the ground, so they used airplanes and helicopters to pour water and chemicals on it. For days, the fire smoldered stubbornly.

But yesterday, in a last ditch attempt to extinguish the embers, more than 1,000 gallons of "wet water" were poured on the fire from a helicopter carrying a 100-gallon pan beneath it. "Wet water" has been chemically treated to make it penetrate the wood better.

Foresters then dumped 500

HELEN LAIRD and BARTON FRANK are two of the performers who will be appearing here at O'Leary Junior high school auditorium Tuesday night in a concert sponsored by the Twin Falls Federated Music club for the benefit of its Sun Valley Music Camp scholarship fund.

Concert Slated by Faculty Of Sun Valley Music Camp

Faculty members of the Sun Valley Music camp will present a benefit concert at Twin Falls at 8:15 p.m. Tuesday in the O'Leary Junior high school auditorium. This concert, sponsored by the Twin Falls Federated Music club, is open to the public, and all proceeds will go to the Sun Valley Music Camp Scholarship fund.

Appearing Tuesday night will be Alfio Pignotti, violinist, and Maria Braschi-LeRoux, pianist, performing Beethoven's "Spring Sonata," the woodwind quintet, Helen Laird, soprano; Jean Louis LeRoux, who will be featured in a sonata for oboe; Barton Frank, cello, and Milton Balkind and Peggy Balkind who will present numbers for one piano, four hands.

According to Mrs. Donald Youst, Sun Valley Music Camp Scholarship chairman, the Twin Falls Music club feels very fortunate to be able to present concert artists of such caliber to a local audience. All the artists are internationally known and are performing without fee for the benefit of the scholarship fund.

Of special interest to local music lovers will be the appearance of the woodwind quintet. Members of this quintet include Jean Louis LeRoux, flutist, who is currently principal flutist of Oklahoma City Symphony and is also a faculty member of the Oklahoma State University; Jean Louis LeRoux, oboist, a graduate of the Paris (France) conservatoire, who is now with the San Francisco Symphony orchestra and the Philadelphia Woodwind quintet; James Hooper, clarinetist, who is first clarinetist with the Boise Philharmonic and is on the faculty of Boise Junior college; Gayle Hutton, French horn, a member of the Utah Symphony and on the faculty of the University of Utah; and Joan Powell, bassoon, who is in her sixth season with the Oklahoma City Symphony.

Alfio Pignotti, violinist, is concertmaster of the New Orleans Philharmonic. He was graduated from the Mannman School of Music and Manhattan School of Music and did graduate study at Santa Cecilia academy in Rome on a Fulbright grant.

Helen Laird, leading soprano of the Kassel Opera in Germany, has performed major roles in more than 40 operas and has presented numerous concerts and recitals throughout the United States and Europe. She has appeared before enthusiastic Twin Falls audiences before.

Also appearing at Twin Falls audiences are Milton Balkind and Peggy Balkind, the only piano team to specialize exclusively in the rarely heard literature of piano originally written for one piano-four hands. The Balkinds performed here in last year's Sun Valley Music Camp Faculty concert. Better than any other two

Reception Held In Honor of Area Newlyweds

RICHFIELD, Aug. 13—A reception at the Richfield LDS rec-

ed with the Intercollegiate Knights, a national men's honorary fraternity. He was selected as abbot, one of the five outstanding junior men for 1964.

A lingerie shower was given for the bride by Marilyn Hults and dormitory friends. Guests attended from Hazelton, Twin Falls, Notus, Mountain Home, Boise and Taft, Calif.

reception rooms was given for newlyweds, Mr. and Mrs. Peter Appel. The bride, the former Judy Champlin, is the daughter of Mrs. Dean Beasley, Montpelier, and Darwin Champlin, Reno, Nev. Appel is the son of Mr. and Mrs. Edward Appel, Richfield.

The couple was married in a July 27 ceremony at the Pocatello courthouse.

The bride wore her wedding dress of white knit for the reception. The bride's mother chose a blue floral sheath dress with blue and white accessories. The bridegroom's mother wore a black

and white gown with rhinestones and white accessories.

The three-tiered white wedding cake, displayed on a table covered with white linen, was decorated with white flowers, gold leaves, and topped with a miniature bride and bridegroom surrounded with doves and wedding bells.

Mrs. L. T. Sanders, Richfield, helped with the reception.

cut the cake and Mrs. Darwin Champlin, stepmother of the bride, poured punch.

Guests included Mrs. Robert Langston, Mrs. Boyd King and Lana Sanders, who aided at the gift table. The couple resides in Richfield, Montana and Reno before moving to Richfield. Appel is a 1963 graduate of Richfield high school and is employed at the Nelson Hicks creamery.

MR. AND MRS. DAVID KALAR

Laura Murphy Weds Kalar in Caldwell Rites

HAZELTON, Aug. 13 — Laura Murphy, daughter of Mrs. Nancy Murphy, Hazelton, and the late Clarence Murphy, and David Kalar, son of Mr. and Mrs. John Kalar, Taft, Calif., were united in marriage on May 29, in the Boone Memorial Presbyterian church, Caldwell.

The Rev. Robert Reed performed the formal double ring ceremony before a background setting of gold candelabra with white candles and white baskets on gold stands filled with white chrysanthemums and gladioli enhanced by aqua bows.

The bride was given in marriage by her brother, Wesley Murphy, Hazelton. For her wedding, the bride chose a full-length gown of white peau de sole with a chapel train. The gown featured a sweetheart neckline and long sleeves.

The fitted bodice and straight skirt were appliqued with lace and seed pearls. Her elbow-length veil of bridal illusion was held in place by a cluster of pearls and pearlized leaves. She carried a bouquet of white roses arranged on a white ribbon.

For sentiment the bride carried a handkerchief of her late grandmother's, wore a single strand of cultured pearls, a gift from the bridegroom, a penny in her shoe and something blue.

Marilyn Hults, Notus, was maid of honor. She wore a full-length gown of seafarin peau de sole featuring a fitted bodice, rounded neckline and a bell skirt. She

carried a nosegay of white carnations trimmed with ribbon matching her gown. Bridesmaids wore Sandra Jarvin, Twin Falls, and Dovie Kalar, sister of the bridegroom, Taft. They were dressed identical to the maid of honor and carried matching nosegays.

Carolyn Sellers, niece of the bride, flower girl, wore a dress of aqua nylon and scattered rose petals from a white basket trimmed with aqua ribbon. Timothy McBride, nephew of the bride, carried the rings on a white satin pillow fashioned by his mother.

William Kalar, brother of the bridegroom, Wichita, Kans., was best man. Ushers were Russell Prough, Piler, and Roy Murphy, Hazelton, brother of the bride. Prough and Murphy also served as candlelighters.

The bride's mother wore a two-piece sheath afternoon dress of powder pink with white accessories. The bridegroom's mother wore a sheath dress and duster ensemble of blue silk brocade with white accessories. Each wore a corsage of cymbidium orchids.

Organist was Mrs. Sylvia Hunt and soloist was Mrs. Sharon Williams.

Following the ceremony a reception was held in the church basement. The three-tiered wedding cake, topped with a miniature bride and bridegroom, was decorated with aqua roses, white wedding bells and silver leaves.

Dianna McBride, niece of the bride, attended the guest book. Refreshments were served by Cheryl Wiseman, Martha Roelofs, Diane Lohr and Betty Eilers.

For her wedding trip, the new Mrs. Kalar chose a three-piece coral summer knit suit with

Dona Turner Is Bride of Richard Sweet

MURTAUGH, Aug. 13—Wed-
ding was exchanged by
Dona Turner, daughter of
Mr. and Mrs. Turner, and
Richard H. Sweet, son of
Mr. and Mrs. Sweet, in cere-
mony July 17 at the Murtaugh
and LDS chapel.
Bishop Herbert Thorne per-
formed the double ring rites be-
fore a background of two ban-
nets of white gladioli and yellow
mosses.
Given in marriage by her fa-
ther, the bride wore a gown fas-
hioned of crystal white tulle with
unbordered in Swiss scroll.
Crystal beading outlined the
sleeves neckline and down the
front of the dome type skirt. Ex-
tra fullness pleated into the back
of the skirt was topped with a
detachable chapel train held in
place with ruffles of self fabric.
Her bouffant veil of illusion
was fastened to a cluster of three
roses encircled with crystals.
She carried a bouquet of alpha-
nissas with three white calli-
sands tied with satin pique rib-
bon.
For sentiment, she wore a blue
garter, a penny in her shoe and
carried a linen and lace hand-
kerchief which belonged to her
mother.
Matron of honor was Mrs.
Doris Hendrick, Twin Falls.
Bridesmaids were Mrs. Donald
Shirley, Twin Falls; Mrs. Lamar
Shirley, sister of the bridegroom,
and Janet Graham, cousin of the
bride. They wore identical gowns
fashioned and made by the
bride. The gowns were of willow
green crystalline with petite
mosses of schiffli embroidery
patterned over the fabric. They
were simply cut with full unpressed
pleated skirt fronts and fitted
divestive bodices.
Their headresses were a sim-
ple rosette with tulle veils of
the same color.

matching willow green. Each car-
ried a cascade bouquet of yel-
low marguerite daisies combined
with willow green tulle, and
wed with pale green broad-
cloth ribbon.

Julie Turner, flower girl, sis-
ter of the bride, wore a dress
of the same willow green fabric
with willow green tulle, and
wed with pale green broad-
cloth ribbon.

Mark Turner, Twin Falls,
cousin of the bride, was ring-
bearer.

Best man was Dennis Waga-
man, cousin of the bridegroom.
Ushers were Lamar Shirley,
brother-in-law of the bride-
groom, James Anderson and
Donald Sharp.

Mrs. Ned Watts, organist, and
Mrs. Kenneth Horenson, pianist,
played prelude music and the
wedding march. Joy Clawson
sang, accompanied by Mrs. Robert
Peterson.

The color theme of green and
yellow was carried out in the re-
ception hall. The bride's table
was covered with white satin
and white sprigged flounces over
yellow. Garlands of almas were
hung in place by corners of yel-
low roses, white elegance carna-
tions and baby's breath tied with
green satin bows.

A three-tiered wedding cake
centered the bride's table.
Punch was served by Mrs.
Clyde Shorey, Burley, Mrs. L. T.
Uttarback, Twin Falls, and Mrs.
Robert Howard out and served
the cake.

Guests were registered by Mrs.
Robert Clark. Gifts were dis-
played by Pat Turner, cousin of
the bride, Mrs. Richard Murphy,
Mrs. Dean Riggs, Mrs. Stanley
Cole, Mrs. Dennis Wagman and
Mrs. Stanley Graham, Orange,
Calif. Gift bearers were Carolyn
Hanson, Rockland, cousin of the
bride, and Cathy Perkins.

Guests were from Rockland,
American Falls, Mountain Home,
Monte Vista, Colo.; LaGrande,
Ore.; Paul, Rupert, Burley, Dec-
lo, Pocatello, Twin Falls, Jerome,
Hazelton, Hansen, Heyburn and
Kimberly.

For traveling the bride select-
ed a white suit trimmed in aqua
with matching accessories. She
wore an orchid from her bridal
bouquet.

The bride is a 1963 graduate of
Murtaugh high school and at-
tended Idaho State university.
The bridegroom is a 1957 gradu-
ate of Minico high school.
He attended Magic Valley Chris-
tian college and Idaho State uni-
versity, where he was graduated
this spring in drafting and
design.

Wendell High School Class Has Reunion

WENDHILL, Aug. 13 — The
Wendell high school graduating
class of 1944 held its 20-year
reunion with a banquet at the
Legion hall, served by the Amer-
ican Legion auxiliary. A family
picnic was held at the city park.
Special guests at the banquet
were Dr. and Mrs. William Doer-
ing, Franklin, Nebr., and Mrs.
James Eaton, Wendell.
Keith Anderson was master of
ceremonies.

The class will was read by
Mrs. Cal (Donna) Lancaster.
Eckles, Wendell, and the pro-
phesy by Mrs. Vaughn (Zella
Hansen) Harrus, Gooding.
Mrs. Frank (Gwen Powell)
Rost, Jr., Wendell, presided for
the evening of picnic. Ander-
son received the prize for the
member with the least hair; Mrs.
Verle (Leone Winger) Duerden,
Great Falls, Mont., member with
the most children; and also the
one with the youngest child.
Bill Dunn, member married the
shortest time, and Mrs. Robert
(Ida May Petersen) Bell, Long
Beach, Calif., member who travel-
ed the farthest distance. Mrs.
Rost presented gifts from the
group to Mr. and Mrs. Eaton
and to Dr. and Mrs. Doering.
All class members introduced
themselves and their partners
and gave a short review of the
happenings during the past 20
years. It was decided to have
another reunion in 1974.

The highlight of the afternoon
picnic was the tour of the high
school and Junior high build-
ings, conducted by Howard Pow-
ell.

Committee members in charge
of arrangements were Mrs.
Vaughn (Zella Hansen) Harrus
and Mrs. Duane (Norma Han-
son) Johnson, both Gooding;
Anderson, Sun Valley, and Mrs.
Frank (Gwen Powell) Rost and
Mrs. Cal (Donna) Lancaster;
Eckles, both Wendell.

Dinner Held By Sun Valley BPW Group

KETCHUM, Aug. 13—A highlight of the year for members of the Sun Valley Business and Professional Women's club was a potluck dinner Monday evening at the Warm Springs home of Mrs. and Mrs. C. E. Brandt.

Mrs. Brandt gave histories of the many antique lamps and some of the other artifacts in her collection. David Brandt showed a few of the original and unique designs he had drawn recently.

Mrs. Lloyd Smith, president, called on Mrs. Willis McKercher and Mrs. Dan Knight to give highlights of their business lives—and she herself gave hers. These short sketches will be used by Mrs. Brandt in making up the year's scrapbook.

Mrs. Smith presented copies of the book "None Dare Call It Treason" to member of the club to read and then pass along to friends.

Mrs. Juanita McMahon, formerly Gooding, was guest of Mrs. Dan Knight; Nola Sinclair, Moscow, was guest of her sister, Nancy Carier, and Mrs. Everett Campbell, Bellevue, was guest of Mrs. McKercher.

A total of \$38 was cleared from the meal to place in the club's general fund.

Cafe Owner Ordered Into Federal Court

ATLANTA, Aug. 13 (AP)—Restaurant owner Lester Maddox, who said, in effect he'll let the grocers go cold before serving his skill-fried chicken to Negroes, yesterday was ordered into federal court.

The flamboyant segregationist was directed to appear at a hearing next Thursday to show cause why he should not be held in civil contempt of a desegregation order.

Maddox quietly accepted the summons from a federal marshal in his restaurant, the Pickrick, where he turned away five Negroes Tuesday.

"The justice department is very foolish to waste its money on this sort of thing," Maddox said to newsmen. "I haven't violated any court order."

"They have no grounds for such a suit unless they use lies or half truths."

The suit was based on an affidavit by one of the Negroes turned away from the Pickrick, which specialized in fried chicken.

Maddox was ordered by a three-judge federal panel to begin serving Negroes without discrimination on Tuesday. He has appealed the decision to the U.S. supreme court in the first test of the new civil rights law, but lost a bid to stay the desegregation order until his case is heard.

Bandit Saves Victim's Life

BEVERLY HILLS, Aug. 13 (AP)—A bandit paused during a \$100,000 robbery to give the victim a heart pill. Police said the pill may have saved Herbert Kronish's life.

Kronish felt a stab of pain as three gunmen confronted him and his wife in their Beverly Hills home yesterday. He said he asked one of the men for help—and the man got the pill from a medicine cabinet and slipped it into Kronish's mouth.

The couple were left tied as the trio escaped with cash and jewelry including a \$60,000 diamond ring, Kronish said. He is part owner of the Beverly Hills hotel.

Leftovers From Jamboree to Be Auctioned Off

VALLEY FORGE, Pa., Aug. 13 (AP)—The \$2,000 Boy Scouts who attended the National Scout Jamboree here last month have gone, but the memories—and quite a bit of other stuff—linger on.

Stanley M. Hawkins, Jamboree physical arrangements director, said leftover articles include:

6,000 plastic tables,
2,500 plastic jugs,
1,400 garbage cans,
1,400 galvanized pails,
Cooking utensils, pump,
lawnmower, construction equipment parts and lumber.

Hawkins said they will be sold at auction.

Highway Use Tax Due This Month

Deadline for truckers to pay the federal highway use tax is Aug. 31.

C. H. Edmonson, IRS administrative officer said the tax varies from \$31 to \$180 depending on the weight of the truck, and is for the year beginning July 1.

He explained that for trucks put into use after July, a fractional tax must be paid within the month following. For example, on a truck first used in August, the tax to next June 30 is due by Sept. 30.

BILL IS PASSED
WASHINGTON, Aug. 13 (AP)—The house passed a bill yesterday which would permit an estimated 4,000 Americans to the islands totaling up to 1.5 billion dollars for property seized by communist Cuba. The measure now goes to the senate.

CAROL MARIE SHILL
... daughter of Mr. and Mrs. Dallas Shill, Burley, will be honored at a farewell testimonial at 8 p.m. Sunday in the third-sixth ward L.D.N. chapel, Burley. She has been called to serve in the Western Canadian mission.

Hearses

AGHULL, England, Aug. 3 (AP)—Howard Murray was stuck today with 40 Rolls-Royce hearses.

Murray said he bought the old hearses—all made between 1923 and 1930—to turn them into touring cars. But, he said, he has few buyers and is wondering how to get rid of the surplus.

to buy Chuck Roast

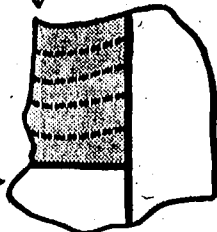

In the picture at the left, the wife is learning why it pays to look closely when you buy meat. Her husband would not be upset if she had purchased her chuck roast at Safeway. Instead, she got one of the kind being offered in a market that "robs" its chuck roasts. They take big boneless chunks of lean meat off roasts to sell at higher prices. This leaves their chuck roast customers with a big proportion of bone and fat. This *never* happens at Safeway. In a Safeway chuck roast, you get all the lean tender meat that belongs on a chuck roast. Come see and buy and enjoy a Safeway chuck roast.

ALWAYS CHECK TRIM AS WELL AS PRICE
To give you full value, Safeway trims a chuck roast like this:

SAFEWAY CHUCK ROASTS

The lean, meaty tender Chuck Roasts you get at Safeway are from the shoulder.

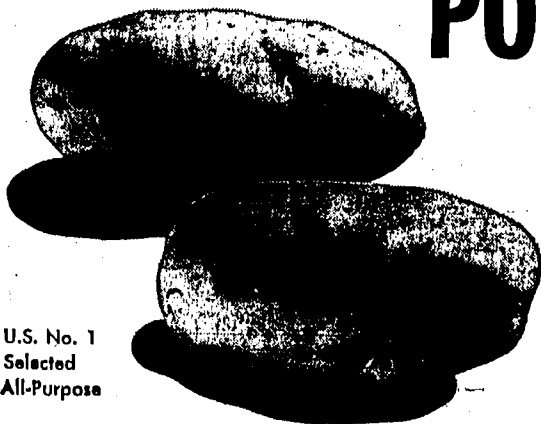

NECK CUT ROASTS? NEVER AT SAFEWAY!

Safeway *never* sells neck cuts as chuck roasts. (But some other markets do.) If you have been getting tough "chuck roasts" that are full of hidden bones, you've probably been getting neck cuts. At Safeway, we bone and sell this part of the beef as stewing meat or ground beef.

3 REASONS YOU CAN ALWAYS DEPEND ON SAFEWAY MEATS

- ① **USDA CHOICE BEEF AND LAMB**
Finest quality pork and calf, too.
- ② **ALL CUTS TRIMMED BEFORE WEIGHING**
Excess bone and fat removed.
- ③ **UNCONDITIONAL GUARANTEE**
Your money courteously refunded if any cut fails to please. Meat needn't be returned.

Cowboys Combine 10 Hits And 15 Walks to Fashion 12-3 Win Over Pocatello

The Magic Valley Cowboys combined 10 hits with 15 walks Wednesday night and rolled to a 12-3 league victory over the Pocatello Chiefs. A total of 25 strikeouts and 17 batters on base were issued in the three-hour marathon game. Tom Jones, picked up his sixth straight victory for the Cowboys although he pitched only the first five innings and gave way to Graciliano Parra. The Chiefs used three pitchers and only Charles Stallworth was really effective. But he was lifted for a pinch hitter in the fourth inning when Pocatello was making its most serious offensive bid of the night.

Anaheim Technique For Stadium Is Hit

ANAHEIM, Calif., Aug. 13 (AP) — A third citizens' group challenged Wednesday the city's technique for selecting a contractor for the proposed 16 million dollar stadium for the Los Angeles Angels. The stadium—to cost 20 million dollars with parking, landscaping and other facilities — is supposed to be ready for the Angels for the 1966 season under the city's agreement with the American League team.

The city's negotiators agreed to give the job to the Ted Webb company without incurring the delay involved in getting competitive bids. Complaints immediately materialized.

The Anaheim Telephone Taxpayers committee objected, and mentioned the possibility of obtaining a referendum vote to block the move.

The Anaheim Republican assembly also objected to the contract agreement.

On Wednesday a third group, the Citizens Committee of California, also urged competitive bidding in the stadium contract. The pact was signed between the Angels and Anaheim Stadium Corp., a non-profit agency sponsored by the city to negotiate for the construction.

Backers of the contractual agreement say that it requires Webb to secure sealed bids from contractors for everything but concrete and carpentry, stating that the cost is not to exceed 16 million dollars, and gives Webb an 11 per cent fee which includes design and engineering work.

LEAPING FOR THE LIFE of future Idaho salmon, a large chinook (center) leaps the upper portion of Dagger falls on the middle fork of the Salmon river on its migration to the breeding grounds. (Times-News photo)

Salmon Find It Hard and Easy Journey Through Dagger Falls

DAGGER FALLS, Aug. 13 (AP) — A mighty chinook hurls itself into the air and if its aim is straight it gains another pool of quieter water. Seconds later another salmon makes the leap and is swept downward. Tourists coming to Dagger Falls sit on the rock cliffs and watch the struggle with the torrent for hours. The chinook, migrating up the middle fork of the Salmon river, leap the falls as long as the water is high enough, then take the easier route up the Idaho fish and game department's fishway, now in operation in its third season.

Dagger falls, 10 miles downstream from the middle fork's beginning where Marsh creek and Bear Valley creek join, is just nine miles away from the Idaho primitive area. The 135-mile long middle fork empties into the Salmon river below Shoup.

Rubber boats floating the middle fork put into the river just below Dagger falls. An unloading area has been established and a ramp permits sliding boats down into the river.

The river is negotiated with rubber boats since motors are prohibited in the primitive area. When low water in August prevents navigation, the trip begins from the Indian creek landing strip, another 25 miles downstream.

Camping and picnic areas are available at Dagger falls with one side of the river in the Boise forest and the other in the Challis. The road providing access to the falls takes off from the Lowman-Stanley highway in Bear valley.

Chile is represented by Capt. Pat Rodriguez, Ernest Aguirre and Patricia Cornejo. Rodriguez and Aguirre are veterans, having beaten some of the top names in tennis, but Cornejo is in his first year of Davis cup competition.

Australia has won the Davis cup 18 times, outranked only by the United States' 10 victories. If the Aussies win, as expected, they will play Sweden at Buenos Aires, Aug. 20-31 for the right to challenge the United States at Cleveland, Sweden, however, must defeat the Philippines, the Asian champions, this week-end but the Swedes are heavily favored.

The teams began workouts earlier this week on the nonofficial bituminous surfaced courts, newly-reurfaced for the tournament and agreed to by both teams.

Mathews-Led Braves Down Houston 5-1

MILWAUKEE, Aug. 13 (AP) — Ed Mathews led the Braves, double and two singles, leading the Milwaukee Braves to a 5-1 victory over the Houston Astros Wednesday night.

Tony Cloninger had a five-hit shutout until Dave Roberts homered with two outs in the ninth. Cloninger also was tagged for a triple by Bob Lillis before balancing his record at 11-11.

Mantle, Rookie Lead Yanks Past Sox 7-3

NEW YORK, Aug. 13 (AP) — Mickey Mantle had two homers, one a tape measure blast to dead center, Roger Maris belted one and rookie right-hander Mel Stottlemyre went the distance in his first major league start Wednesday as the New York Yankees trimmed the Chicago White Sox 7-3.

Stottlemyre, 22, called from Richmond Tuesday, pitched a seven-hitter and snapped the Yankee losing streak at three.

The Yankees had also lost five of six to the Orioles and White Sox on their current critical home stand.

The White Sox got a run in the third on a wild pitch base and an error, but Cleo Luster tied it up with a homer off Chicago starter Ray Herbert.

In the fourth, Pete Ward tripled and scored on a single by Ron Hansen, pushing the White Sox back in front, 3-1.

Mantle retaliated with an enormous blast off Herbert over the screen on top of the high fence in center field above the 401-foot mark. It was believed the longest ball ever hit to that part of Yankee stadium.

Maris hit a two-run homer off reliever Don Mossi in the sixth for the clinching blow, then the Yankees took an unearned run the same inning.

In the eighth, Mantle homered off Frank Baumann his 25th of the season, into the lower right field stands. It was the 10th time in Mantle's career he has hit homers from both sides of the plate in one game.

TV Fight

SAN FRANCISCO, Aug. 13 (AP) — Former tennis star Jack Kramer, acting as general sports chairman, announced Wednesday the formation of 15 committees to fight proposition 13, the measure to outlaw pay television in California.

Lefty O'Doul, San Francisco restaurant owner and former baseball star, heads the baseball committee. Tom Meschery of the San Francisco Warriors and Elgin Baylor of the Los Angeles Lakers of the National Basketball association are co-chairmen of the basketball committee.

CHICAGO, Aug. 13 (AP)—Mention the word relax and you can see the blood pressure mounting in Gene Mauch, manager of the National league-leading Philadelphia Phillies.

"Can you imagine anybody asking if we can relax a little now that we're in front by several games?" asked Mauch after the Phillies edged the Chicago Cubs 6-5 Wednesday.

The Phillies seek a series sweep against the Cubs today to have a six-game winning streak. This would match the longest in the league this season. The St. Louis Cardinals had one earlier.

"We've won five straight at three different times, but never have been able to get a half dozen," said Mauch.

On the New Christa Minkwitz. (Premier, Color, 8:30 p.m. NBC)—Postponed from last week, this five-week series of programs will replace "Hazel," until she returns in the fall. On tonight's show, the popular nurse-member folkdancing troupe will sing "Green, Green," and "Saturday Night," two of their bestselling hits. The show for this week was taped at the New York World's fair.

"Kraft Suspense Theater." (Color, 9 p.m. NBC)—John Forsythe, Diana Hyland and Jack Weston are featured in "The Sweet Taste of Vengeance," in which a private eye is hired to track a private eye who has been hired to track down a man's ex-wife. Seems she's

Legalized Gambling Is Becoming Issue In Idaho's Campaign Again This Year

By RICHARD CHARNOCK
BOISE, Aug. 13 (AP) — Even though there are no statewide elections on the November general election ballot, legalized gambling is becoming an issue in the Idaho campaign again this year. In the 1958 and 1962 campaigns, gambling became an issue when pro-gambling candidates won the Democratic party's nomination for governor.

There is no gubernatorial race this year but there is a particular horse race betting law on the books now and it's being put to use on racetracks in many parts of the state.

Gov. Robert E. Smylie has vowed he will seek repeal of this law, passed by the 1953 legislature over his veto and upheld in a constitutional test by the Idaho supreme court. Smylie twice has won reelection against pro-gambling candidates.

But while the governor opposes the betting law and says he will work for its repeal, the organized battle against the act is coming from the Allied Civic Force, an Idaho temperance organization that opposes liquor, tobacco and gambling.

Not only is the group supporting legislative candidates who are pledged to seek repeal of the pari-mutuel law but it is mounting

an all-out campaign to defeat those who won't.

In a letter written Aug. 7 on "Idaho Challenge" stationery—the "Challenge" is the AOF's periodical—Editor Paul Owens makes it clear the civic force will accept no substitute for repeal. The letter has gone out to legislators and legislative candidates.

"The only acceptable answer at the January 1965 legislature is repeal," Owens writes. "No alternative takes care of the problem. Do not be fooled by requests for an initiative ballot."

Shoshone Hears Report on Fair

SHOSHONE, Aug. 13—Activities at the county fair were reported by committees in charge at the Chamber of Commerce meeting Monday noon.

The Chamber sponsored the parade, the foot races, treats for children and a dance. Cost was \$10.00.

A special thanks was given Holland (Happy Holly) Houtburg for his donation at the dance and the music provided.

Discussion was held on ways to improve the chamber part of activity at the fair. Committees will meet with the fair board, city council and school board to work out problems.

Douglas Hansen conducted the meeting Monday in the absence of President Herbert Forbes.

In the Aug. 4 primary election, he said, the AOF "won a little" and "got a lot of attention." He said AOF chapter and Challenge centers are alert and active.

"Opposition will be more open in the general election November 3rd," he writes. "Lines will be drawn. Every candidate deserves to know that he will settle for only one answer."

"This is a moral issue—it is not legislative trading stock. Any candidate who treats gambling as an industry either does not understand the problem or is pro-gambling."

"Any such should be defeated regardless of party," Owens says, and he threatens, "This we can do."

Lunches Slated

WENDELL, Aug. 13 — The Wendell school hot lunch program will begin Sept. 1 and the cost will be the same as in previous years, Supt. Ray Turner announces.

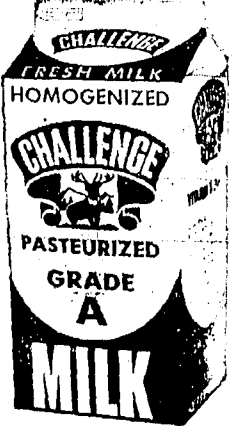

Mrs. Edward Johnson will be head cook, assisted by Mrs. Arthur Byce, Mrs. Claud Marble and Mrs. Ray Price. School will begin Aug. 31.

SKILL SAVES SHIP
MOSCOW, Aug. 13 (AP) — The skipper of the Soviet cruise ship Grizhka says only the skill of his sailors prevented a collision with the U. S. destroyer Ketchikan on a trip to Cuba.

2 Drivers Cited After Accident

Donald J. Bykora, 5, route 2, Twin Falls, was cited for failure to yield the right of way and

William P. Holmstein, 50, route 1, Twin Falls, was cited for making an improper turn after a two-car accident at 6:45 p.m. Monday, three miles south and two miles west of Twin Falls.

Sheriff's officers said Bykora was traveling south on a county road in a 1947 Mercury. He said the sun blinded him and he did not see Holmstein, traveling east on another county road in a 1963 Chevrolet, turn in front of him.

Officers said Holmstein "cut the corner too close."

Supervisor Is Hired at Hansen

HANSEN, Aug. 13—William P. Hamard, Superintendent of Hansen schools, announces Mrs. Ralph Ivie, Kimberly, has been hired as the full-time bookkeeper and hot lunch supervisor at the Hansen schools. Trustees made the decision at a meeting held Monday night at the schoolhouse.

Two new teachers, Mrs. Helen Payne, Burley, who will teach commercial studies, and Mrs. Lydia Harvey, Twin Falls, home economics, have also been hired. A social studies position is still open.

It was decided to sell a 1957 half-ton Chevrolet pickup truck, bids on this will close Sept. 1.

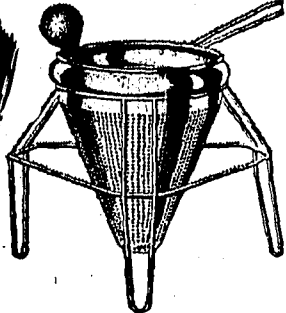

The J. W. Moore warehouse bid for coal for the schoolhouse was accepted.

U.N. Goes on Standby Alert After Appeal

UNITED NATIONS, N. Y., Aug. 13 (AP)—The U.N. security council went on a standby alert after issuing an appeal aimed at stopping Turkey's jet flights over Cyprus and averting attacks by Greek Cypriots on the island's Turkish minority.

Council President Sivert A. Nelken of Norway made the appeal last night after another emergency council session to deal with a complaint by Cyprus that Turkey violated the ceasefire by an air attack Monday on the island of Polis.

Turkey denied that its planes fired during Monday's flight. It accused Cyprus of trying to scuttle efforts to restore peace on the Mediterranean island.

When the 11-nation council wound up the debate last night, Nelken suspended the meeting instead of adjourning, so that it could resume at short notice if trouble broke out again.

The new council appeal was proposed by Arsene Anouan Usher of the Ivory Coast.

It asked "all governments to stop all flights over Cyprus that threaten its sovereignty" and requested that the U. N. force in Cyprus "reinforce its units in the zone of the recent military operations so as to insure the safety of the inhabitants."

The first part was directed at Turkey, which has said it would continue scouting flights over Cyprus until Greek Cypriot forces pull back from positions won in their drive into Turkish Cypriot holdings last week. The second part was intended to put U. N. troops in a position to protect Turkish Cypriots.

Turkey's planes strafed Greek Cypriot areas Friday and Saturday with the avowed purpose of stopping a Greek offensive.

After meeting Saturday night and Sunday, the council adopted a British-U. S. cease-fire resolution.

3 Accidents Investigated By Police

Twin Falls police department investigated three minor accidents Monday and Tuesday, according to reports filed early Wednesday morning.

Bandra Kikman, 10, Contant, Nev., was driving a 1960 Ford owned by Katherine B. Hawley, Piller, at 9:10 a.m. Monday and while she was attempting to park the vehicle on Fifth street north, the brakes failed. The Ford then struck a properly parked and unattended 1948 Chevrolet owned by George Puhans, Piller.

The truck the red came loose on a 1957 GMC one-ton truck driven by Earl R. Aron, 46, 1940 Fourth avenue east, and owned by Thomas D. Mow, Wendell, and the truck swerved to the left, scraping the left front fender of a properly parked 1958 Dodge, owned by Chris Polzer, 448 Second avenue east.

John G. Parker, 22, Piller, had stopped a 1958 two-ton truck, owned by Ed Dunne, 37 Gooding county deputy sheriff, had stopped behind him. Parker said he did not see Dunne and backed into Dunne's 1963 Chevrolet.

Seven Gooding girls who are competing for the 1965 title of Gooding fair and rodeo queen. The seven will ride each evening at the rodeo during the fair which began Thursday and runs through Saturday. This year's

queen, Gayle Anderson, Gooding, will reign during the first three nights and Saturday night.

Charnell has been active in 4-H projects, and likes both Hobbies and horses. She is a member of the Wendell Rangers riding club. She said she took her first ride at the age of 18 months, when a horse that was supposed to stand still didn't. Since then she has ridden consistently. Charnell will be a junior at Wendell high school this fall.

Rachel Purdy, daughter of Mr. and Mrs. Paul C. Purdy, Illas, has already garnered several queen crowns, having been elected as queen of the Hagerman Pioneer day rodeo and queen of the Fairfield rodeo. She also was first attendant at the district high school rodeo in Gooding.

Rachel, who is 15, says she likes to ride horses, water ski, basketball, ice skate, baseball, and fact, "any kind of sports." She plans to ride a palomino horse belonging to Doug and Lynn Wood. She attends school in Illas.

Seven Girls Seek Title of Gooding County Fair and Rodeo Queen for '65

GOODING, Aug. 12—Seven girls are vying for the title of queen of the Gooding county fair and rodeo to be held Thursday, Friday and Saturday.

Jack Varin, chairman of the event, says the winner will receive a trophy and her two attendants will each receive merchandise. This year's queen, Gayle Anderson, Gooding, will reign as queen during the three nights of the rodeo, with the new queen to be chosen on Saturday evening.

Miss Anderson's two attendants are Cheryl Ferguson, Gooding, and Diana Bowman of Wendell.

Miss Bowman, who is also a contestant in this year's event, is the daughter of Mr. and Mrs. Ed Bowman, Wendell, and was graduated from Wendell high school this spring, and plans to attend Idaho state university in Pocatello this fall.

She was first attendant to the queen at Hagerman's Pioneer day celebration, and plans to wear light green pants and shirt, white boots and hat. "Amigo" her horse is a red-brown quarter horse.

Maxie Branch, 16-year-old daughter of Mr. and Mrs. E. A. Branch, Wendell, is entering her first queen contest this year. Maxie, who is 16 and a junior at Wendell high school, will be riding a 6-year-old palomino mare by the name of "Crystal".

Maxie has been riding since she was about 3 years old. She plans to wear red bell-bottom trousers with a matching blouse patterned with red and orange poppies trimmed with black. Her boots, hat, etc. will all be black.

Annell Behunin, 16, is also entering her first contest this year. She plans to wear pink denim pants and a white satin blouse. Her hat will be white and her boots black. She will ride a 4-year-old palomino named "Tipper" which she broke as a colt.

Annell has ridden for about four years and is a member of the high school riding club.

YOUR BIRTHDAY and HOROSCOPE

THURSDAY, Aug. 13 — Born today, you are inclined to take yourself too seriously. On the other hand, should you take the trouble to develop it, you could have one of the greatest senses of humor in the world. Basically there are two "you's." One of them, the egoist, wants what he wants when he wants it — and no holds barred; the other is adaptable, given to seeing the funny side, and altogether a charming person.

The choice as to which person you will be is entirely yours — but you must decide while you're young. Unlike many people who have two basic natures, you will not let chance decide which way you will go; it is you yourself — and should it happen that later you do not like the product of the years, you will have only yourself to blame.

Fieldman at Burley Talks To Kiwanians

DECOLO, Aug. 13 — Ernest Blatter, Burley, fieldman for the Amalgamated Sugar company in Cassia and Blaine counties, was guest speaker at the Decolo Kiwanis club noon luncheon meeting Monday.

He told of the firm's expansion program, noting the company has doubled capacity for dry pulp. The plant will process liquid sugar as well as dry and process over twice as many bags per day as formerly.

Burdell Curtis, president, introduced Blatter. He announced that the queen's dance will be held at the Burley armory Aug. 19, with Holland (Happy Holly) Hoffburg and his orchestra furnishing the dance music.

The Burley and Decolo clubs sponsor this event as a kickoff for the Cassia county fair and rodeo Aug. 20-22.

The Decolo club is sponsoring Sharon Flowers as a queen contestant and Joe Jacobs is being sponsored by the Burley Kiwanis.

Joe Preston led the pledge to the flag. Earl Darrington gave the invocation. Randy Hess was a guest.

A film entitled "The Great River" will be shown next Monday.

Lost Youths Are Found in Glacier National Park

GLACIER PARK, Mont., Aug. 13 — Two Florida youths who took a wrong trail while hiking were found Wednesday in good condition after being lost 48 hours in one of the most remote and rugged sections of Glacier national park.

A search party found Malcolm Campbell and William Wattenberg, both 19 and both from Tallahassee, Fla., hungry, tired and weaker, but otherwise in good condition.

Both are students at Florida State university and summer employees at Park Lodge.

A two-man search party, one of several looking for the youths, radioed it met the youths hiking on a trail along Coal creek, seven miles from its confluence with the middle fork of the Flathead river on the south of the park.

Park authorities said Campbell and Wattenberg apparently became separated from their hiking companion, Tom Anderson, 20, St. Paul, Minn., when they took a wrong trail.

You are more stable emotionally than many people give you credit for. Once you decide upon a goal, no strength of feeling could steer you off course. Only if in your own mind, through reasons and good sense, you came to see that a change of direction would be best for you, would you do a turn-about-face.

Among those born on this date are: Bert Lahr, noted actor, comedian; Alfred Hitchcock, director; Fidel Castro, Premier of Cuba.

VIRO (Aug. 24-Sept. 23) — Avoid taking part in any discussions that could lead to outright argument. Not a good day to talk politics!

LIRIA (Sept. 24-Oct. 23) — Your future may well lie in the heart of a single sentence uttered by another. Keep attuned to all conversations.

SCORPIO (Oct. 24-Nov. 23) — Your future may well lie in the heart of a single sentence uttered by another. Keep attuned to all conversations.

SAGITTARIUS (Nov. 23-Dec. 22) — It would be well to begin this day by making clear to those at hand what your immediate plans are. No one can read your mind!

CAPRICORN (Dec. 23-Jan. 20) — A day which may seem exceptionally routine. Avoid boredom by concentrating on inner growth.

AQUARIUS (Jan. 21-Feb. 19) — Appeal to the better instincts of co-workers. You can avert trouble if you try — and those in authority will thank you!

PISCES (Feb. 20-March 20) — It may be difficult to acknowledge another's superiority on the job, but to do so could produce results in your favor.

ARIES (March 21-April 20) — Give credit where credit is due. The idea you obtain from another is not a confiscation to be disposed of as your own.

TAURUS (April 21-May 21) — Bright, clear skies, high expectations which will be fulfilled — all this and a bonus benefit in the making today!

GEMINI (May 22-June 21) — Consider your motives before you begin your activity. All is really not fair in love and war!

CANCER (June 22-July 21) — Don't attempt to view this day's results immediately. Effects are far-reaching, and it may be a while before the chicks come home to roost!

Californian, 74, Returns Home After His Funeral

LOS ANGELES, Aug. 13 (AP)—Ramundo Reyes' funeral was a reverent event, carefully arranged by members of his family. They chipped in \$160 to pay the mortuary and cemetery. His nephew contributed \$22 for the burial suit. Reyes' social security was cut off, his other worldly affairs were terminated, last Friday.

Yesterday, Reyes, 74, was home again.

The nephew, Adam Rios, saw him first. Reyes was crossing the street, toward his house. "I put my hand to my forehead," Rios related, "and I said, 'Oh, my God!'"

Reyes' sister, Paula, 75, was more calm.

"Where have you been?" she asked Ramundo, with whom she resided.

He murmured something about Mexico, but he didn't remember much that had happened since he disappeared three weeks ago.

Mrs. Reyes said her brother accompanied her to General hospital three weeks ago when she went for treatment. He waited outside.

When she returned to the waiting room, he was gone. She was \$16 in her purse and \$200 in her shopping bag.

Police were notified.

Last Wednesday, police called

to say the corner's office had the body of a man, matching Reyes' description, who had died the day before at a downtown relief mission.

"We sent right down," said Rios. "We even took along some of the neighbors and friends, and they all agreed that it was my uncle."

Fifty friends and relatives filed past the open casket after the rosy last Thursday night. None questioned the identity of the deceased.

"I would have sworn it was him," said a neighbor.

Uncle Ramundo couldn't explain what had happened.

Reyes said he couldn't believe he'd been away for three weeks. It seemed like only a few days.

"When things like this happen," he said, "the government ought to investigate."

Yesterday Rios took his uncle to social security and state aid authorities to prove Reyes was alive, so his payments could start again.

"There he sits now," said Rios, "but who is the man we buried?"

"We call him John Doe," said a deputy coroner.

What does Uncle Ramundo think about his funeral?

"I don't want to think about it," he said.

Self-Enforcing Peace Treaty Only Way to End Asian War

BY ANDREW TULLY
WASHINGTON, Aug. 13—The new and utterly dangerous acts of war in the Gulf of Tonkin clearly show that there is no solution to the situation in Viet Nam but a conference of interested nations which would draft a self-enforcing peace treaty.

It is no good saying that the original 14-nation conference cutting Viet Nam in half didn't work. It didn't work because the agreement made no attempt to insure good faith on both sides. It had no built-in device to stop the North Vietnamese from mounting their harassing guerrilla attacks with communist China's aid.

What is needed now, as an alternative to an almost unthinkable all-out war in Southeast Asia, is an international agreement backed by a neutral international military force, perhaps under the United Nations flag. As in the China strip, this force would be dispatched to Viet Nam to keep the peace—by gunfire if necessary.

Cynics will argue with some validity that an outlawed Red China would not feel obligated to keep the peace. But Peking would be unlikely to defy world opinion as presented by the U. N. True, Red China sent troops into Korea, but at that time it had the backing of the Soviet Union, upon which it can no longer depend.

Moreover, the United States now can lead from strength in any peace conference. We have proved that we not only can repel any attack in the area, but that we can retaliate effectively. We have proved that our power in Southeast Asia is vastly superior to that of communist China, and not only because we have nuclear bombs and China doesn't. The Tonkin gulf incidents have shown that our ships and planes are more than adequate to the task of dealing with Red China, without resort to nuclear weapons.

Red China now knows, if it didn't before, that the United States would win any war between the two countries. But unless there is a self-enforcing agreement to keep the peace, Peking can and probably will continue its brutal fire war of harassment—a war that would drag on forever and in which no decisive victory is in sight.

Russia's initially mild reaction to the Tonkin gulf incidents may be a sign that the U. S. and U. N. could count on the Kremlin's cooperation in any peace-making move. Khrushchev and company still cling to their policy of co-existence, and by moving in the Tonkin gulf, Peking has threatened the survival of this policy. Besides, the Kremlin has no desire to join Red China in a nuclear war against the West, a step that would be inevitable if Peking decided to go all-out.

Any stalemate in Southeast Asia exists only because the U. S. chooses to have it exist. Red China and the Soviet Union know that, because we have made no secret of our military power. It is in the interest of all the rest of the world that peace be established and enforced in Southeast Asia; lest worldwide nuclear war result. That is a powerful argument for the world to come to its senses and act.

Major Hoops

ALL HE LACKS WITH THAT BELLOW IS A SET OF HORNS. IF I HAD HIS VOICE, I'D GIVE IT ALL I FELL IN A WELL!

THAT HOG CALLING HAS A SET OF HORNS. IF I HAD HIS VOICE, I'D GIVE IT ALL I FELL IN A WELL!

THE HOOGE BASS

Out Our Way

HOLD IT! I'M ON THAT SCHEME OF YOURS! I WONDERED WHY YOU WERE SO EAGER TO PAINT THIS ROOM FOR THE 50 CENTS AN HOUR I OFFERED YOU! WELL, I'M NOT FORGIVING OVER FOUR TIMES WHAT THE JOBS WORTH! SO I'LL JUST TRADE YOU THIS FOUR-INCH JOB FOR THAT ONE-INCH BRUSH OF YOURS BEFORE YOU START IN!

WHY MOTHERS GET GRAY

Ben Casey

YOU'RE DOING WONDERS FOR NICK, MISS GARDNER. HIS PHYSICAL AND MENTAL PROGRESS IS REMARKABLE.

BUT HE STILL HATES THE FANTASTIC RECOLLECTION WAS THIS CRUEL AT THAT CRUELST

NO, HE WAS SHAKEN UP AND BRUISED BY THE RUNAWAY CAR, BUT THE CRITICAL INJURY WAS INFLECTED BY THE FIGHTING IN VIETNAM...

Bugs Bunny

I THOUGHT I TOLD YOU TO DO SOME DUSTING, BUGS!

UNLAX, PUDDY—I'M ALL FINISHED!

WHAT ABOUT THIS DUST ON MY HAND?

Side Glances

"I don't care if you ARE working your way through medical school, Ames. You've got to stop putting our customers on a diet!"

Smitty's Service

"Fill 'er up to where you won't mind adding it to what I already owe you!"

Sweetie Pie

"Just think of all those calories you're burning up!"

NEW YORK CITY!!

psst! WHAT DO AH DO NOW, FRIEND?

A limousine is waiting. Do exactly as the chauffeur says. He is your friend, too!

MEANWHILE—BACK AT THE BAGGAGE COMPARTMENT

THERE'S SOMETHING ALIVE IN THIS!!

Captain Easy

WHEN! MY ACHIN' BACK! DIGGIN' FOR GOLD! AN' NO LADY'S JOB!

THERE'S MY SEENANCE! TOOK I GOTTA GIT DOWN! THE KIDS, AN' FIND MY 'BERT A JOB!

I THINK OLD MCKEE LIED ABOUT FINDIN' A KING-SIZED MUGGET!

WELL, THERE THEY GOES! LIKE I KNOWED THEY WOULD!

BY GUPPY! WE GOTTA! MINE BACK TO OURSELVES, DENVER!

LULU BELLE, THIS MINE IS DEAD! I PLANTED THAT MUGGET MCKEE THOUGHT HE FOUND! Y'SEE, I WAS STARVED FOR COMPANY!

Rex Morgan, M.D.

JUNE, YOU GET REX MORGAN A CUP OF TEA WHILE I SEE ABOUT GETTING SOME PINNERS PREPARED!

YOU KNOW, THE MORE I LOOK AT THAT HAIRDO, THE MORE I LIKE IT, JUNE!

THANK YOU!

MEANWHILE, TAKE IT EASY. DON'T WE EXTERMINATE THE CITY LIMITS?

THIS JERK TOWN PULLS IN THE SIDEWALKS AT SEVEN O'CLOCK! I HAD ROCKS IN MY HEAD TO LET YOU BOOK INTO THIS WHISTLESTOP!

Gasoline Alley

That was Mom! She's very upset about your leaving the money!

What's the matter? Wasn't it enough?

I didn't mean that! I'm sorry! Whatever I do seems to be wrong!

Customers! I'll get them!

Adam and Eve! What are you doing so far from home? Where's your mother?

We want a penny's worth of gold!

Nip Kirby

AND A STRANGE TRAILING JOB ENDS...

YOU WIN A CIGAR, PAL!

NICE SHOOTING, HERE'S YOUR Kewpie Doll.

YOU WIN THESE, AND DON'T FOLLOW ME AGAIN, OR YOU'LL WIN WORSE.

Short Ribs

MAIL

CAN YOU READ THESE HIEROGLYPHS?

YOUR NEW GLASSES ARE READY AND YOU CAN PICK THEM UP AT YOUR CONVENIENCE

Alley Oop

IF THIS REALLY IS THE QUEEN'S CAT, FINE AN' DANDY! I'M GLAD TO KNOW IT!

WELL, YOU'D BETTER BE...

NOW HAND IT OVER

OH, NO...

YOU'RE NOT GOING TO TAKE IT BACK TO THE QUEEN...

...I AM!

Steve Roper

WE'VE BEEN ASKED TO BRING NOMAD TO THE COLISEUM OFFICE, MR. ROOPER!

PINCH ME, JOKER! I GOTTA BE DREAMING!

YOU SET A NEW STRAIGHT TRUCK RECORD, MIKE! 7:30!—AND YOU LOST ONLY 10 PENALTY POINTS!

HEY! WHAT GIVES HERE? DID I WIN MYSELF A TICKET FOR SPEEDING OUT THERE?

MR. NOMAD, CAN YOU IDENTIFY THIS MAN?

HUSK! ...HUSKY! HALLER! ...WHAT THE BLAZES ARE YOU DOING HERE?

SAME THING I WAS ALWAYS DOING IN THE E.T.O. MIKE!

WE'VE MEANT CAN YOU IDENTIFY THE PRISONER, MR. NOMAD? HE JUST TRIED TO KILL YOU!

Terry and the Pirates

OKAY, SPLINTERS, BUT IF YOUR FANCY IDEA LAYS A BOMB, I'M TAKING ON THAT SHIRAZ, MOUNTAIN GYLES!

SO, AT COLONEL THUNDERBOLT'S DEVEST, BAROQUE GOES TO A NEARBY PRINTER'S SHOP...

JUST LIKE I WROTE IT, CHANGS, AND I'LL NEED 'EM THIS AFTERNOON.

WHILE HE CALLO THE TRACKING STATION.

HOW ARE OUR INFANT SABOTEURS CAPTAIN MAUNG? A BIT NEARY OF CAPTIVITY, EH? FINE!
